S-MAX SERIES

McCormick's series of S-MAX tractors are all about offering unmatched value to the general duties farmer. They feature simple but strongly built structures that make them fit for open-field work, reflected through the simplistic dashboard which contains all the necessary controls for operation. They are very user-friendly and are amongst the most accessible and efficient machines in their particular segment. Their quality to price ratio is excellent, without losing out on either components or performance.

WHAT ARE YOU WAITING FOR?

BE PART OF SOMETHING BETTER ... because simple, clear, powerful, reliable, comfortable and fast is better. Every time. Hands down.

WE COULD TALK ALL DAY ... about the specs, the awards, the unrivalled tech, the incredible changes we've made and the path we're creating for the industry. But all we want is for you to try it. So we thought we'd dare you ...

TO GIVE IT A GO ... feel it, try it, drive a modern McCormick for yourself. See where we're going and if you think you'd like to join us. If you do, great. If not, that's ok. What have you got to lose though, really?

#TRYITWEDAREYOU
