## JANUARY

6 ○ 15 ● 21 ● 28 ●

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
52						1
1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31				

### Fleet & Remote Diagnostic Management

- Monitors fleet at work in real time.
- Displays the exact position of all your tractors.
- Provides real-time information on the status of machines such as speed, engine rpm, work progress and consumptions.
- Determines the efficiency and productivity of each tractor and calculates the profit margin of your business.
- Identifies and solves any issues with the software to reduce downtime and extend equipment life.
- Stores working data to eliminate errors and maximize productivity.

### X8 VT-DRIVE

Power: from 264 to 310 HP  
Engine: 6 cylinders

**Power Technology**

# TECHNOLOGY IS STRONG IN US.

## FEBRUARY

5 ○ 13 ● 20 ● 27 ○

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
5		1	2	3	4	5
6	6	7	8	9	10	11
7	13	14	15	16	17	18
8	20	21	22	23	24	25
9	27	28				

### Smart Power Zero

Smart Power Zero: a transmission feature that allows the tractor, once reverse gear is engaged, to remain safely stationary without any movement until the throttle is activated.

### X7.6 VT-DRIVE

Power: from 210 to 240 HP  
Engine: 6 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## MARCH

7 ☉ 15 ☾ 21 ● 29 ☾

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
9		1	2	3	4	5
10	6	7	8	9	10	11
11	13	14	15	16	17	18
12	20	21	22	23	24	25
13	27	28	29	30	31	

### P6-Drive

6 Powershift gears.

5 robotized ranges with 30 + 15 ratios, 54 + 27 ratios when creeper is fitted.

Power output enhanced by the 4-speed PTO.

### X7.6 P6-DRIVE

Power: from 190 to 225 HP

Engine: 6 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## APRIL

6 ☉ 13 ☾ 20 ● 27 ☽

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
13					1	2
14	3	4	5	6	7	8
15	10	11	12	13	14	15
16	17	18	19	20	21	22
17	24	25	26	27	28	29
						30

### MyLights Menù

18 LED work lights provide full all-round visibility for night-time operations.

Programmable on DSM touch screen.

Modes of operation based on direction of travel and steering angle.

Home timer allows the user to select the headlights exit delay time.

### X7 SWB

Power: from 165 to 175 HP  
Engine: 4-6 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## MAY

5 ☉ 12 ☾ 19 ● 27 ☾

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
18 1	2	3	4	5	6	7
19 8	9	10	11	12	13	14
20 15	16	17	18	19	20	21
21 22	23	24	25	26	27	28
22 29	30	31				

### P6-Drive with robotized range shift through SmartPilot Plus

- Robotized range shifting.
- Engine Brake function.
- Smart APS Powershift.
- Stop & Action with De-clutch function integrated in brake pedal.
- Creeper providing up to 40 forward + 40 reverse speeds, minimum speed 400 m/h up to 50 km/h (where allowed) and ECO mode for transport operations.
- All transmission controls grouped on the SmartPilot controller.
- Speed shifting without use of the clutch pedal.
- SmartPilot Plus enhances productivity & comfort by managing hydraulic, transmission and most of the tractor functions, always with the all in one joystick.

### X6.4 P6-DRIVE

Power: from 135 to 155 HP  
Engine: 4 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## JUNE

4 ☉ 10 ☾ 18 ● 26 ☽

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
22			1	2	3	4
23	5	6	7	8	9	10
24	12	13	14	15	16	17
25	19	20	21	22	23	24
26	26	27	28	29	30	

### Suspended Cab

- Elevated comfort.
- Continuous control of damping and leveling.
- Outstanding comfort in combination with front suspended axle.
- Four post cab for all-round visibility.
- Automotive style interior with soft touch materials.

### X6 XtraShift

Power: from 119 to 127 HP  
Engine: 4 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## JULY

3 ☉ 10 ☾ 17 ● 25 ☾

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
26					1	2
27	3	4	5	6	7	8
28	10	11	12	13	14	15
29	17	18	19	20	21	22
30	24	25	26	27	28	29
31	31					

### All in one Joystick controls front loader M20

Located on the driver's right-hand side.

- Front loader main functions:
- Boom lowering.
  - Boom raising.
  - Implement rollback.
  - Implement dumping.

### X5

Power: from 95 to 114 HP  
Engine: 4 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## AUGUST

1 ○ 8 ● 16 ● 24 ● 31 ○

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
31	1	2	3	4	5	6
32	7	8	9	10	11	12
33	14	15	16	17	18	19
34	21	22	23	24	25	26
35	28	29	30	31		

### Isobus

Each activity of the implement is automatically managed.

Tractor and implement wear less and save fuel.

Precise management of chemicals and fertilizers.

### X5.085

Power: 75 HP

Engine: 4 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## SEPTEMBER

6 ● 15 ● 22 ● 29 ○

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
35				1	2	3
36	4	5	6	7	8	9
37	11	12	13	14	15	16
38	18	19	20	21	22	23
39	25	26	27	28	29	30

### Hydraulic Shuttle

Combined with XtraShift three-shift option (H-M-L) that triples the gears of the base transmission.

36 forward and 12 reverse speeds (Power Shuttle version).

A creep speed is available as an option (48 + 16).

Equipped with a de-clutch control allowing the operator to change gear by simply pressing the button on the gear lever without using the clutch pedal.

### X4

Power: from 61 to 75 HP  
Engine: 4 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## OCTOBER

6 ● 14 ● 22 ● 28 ○

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
39						1
40	2	3	4	5	6	7
41	9	10	11	12	13	14
42	16	17	18	19	20	21
43	23	24	25	26	27	28
44	30	31				

### P3-Drive Transmission through SmartPilot Joystick

Robotized drive-shifts + power-shifts control on right hand side console joystick.

Available with 36+12 or 48+16 (w/creeper) 3-step PowerShift transmission.

APS Auto PowerShift transmission shifting control.

### X4F

Power: from 75 to 112 HP  
Engine: 4 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## NOVEMBER

5 ● 13 ● 20 ● 27 ○

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
44		1	2	3	4	5
45	6	7	8	9	10	11
46	13	14	15	16	17	18
47	20	21	22	23	24	25
48	27	28	29	30		

### PSM

Set of integrated devices for satellite-assisted guidance.

Managed from the tractor cab via touch screen display.

The system improves efficiency and productivity, greater time saving, reduced operating costs and lower environmental impact.

### X6.4 P6-DRIVE

Power: from 135 to 155 HP  
Engine: 4 cylinders

**Power  
Technology**

# TECHNOLOGY IS STRONG IN US.

## DECEMBER

5 ● 12 ● 19 ● 27 ○

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
48				1	2	3
49	4	5	6	7	8	9
50	11	12	13	14	15	16
51	18	19	20	21	22	23
52	25	26	27	28	29	30
						31

### EasyGrip System

- Maintenance free rotary unions, no greasing needed.
- Line system at zero pressure when switched off.
- Switchable tyre valves with anti-kickback attachment.
- No loss of tyre pressure if the line comes off.
- Long life of rotary unions.
- Lines may be disconnected after use.
- Outstanding user comfort thanks to digital control.
- Up to 20% less tyre wear.
- Up to 10% less fuel consumption.
- Up to 20% more traction power.

### X7.6 VT-DRIVE

Power: from 210 to 240 HP  
Engine: 6 cylinders

**Power Technology**

# TECHNOLOGY IS STRONG IN US.
